WHAT A YEAR!

What a year it's been for hockey in Ireland and for Avoca Hockey Club in particular. The success of our national teams, competing in the Olympics and now qualifying for the World Cup in 2018 have meant we have seen a surge in young people taking up the game. Our senior teams are competing all the way up Leinster Division 1 and the IHL.

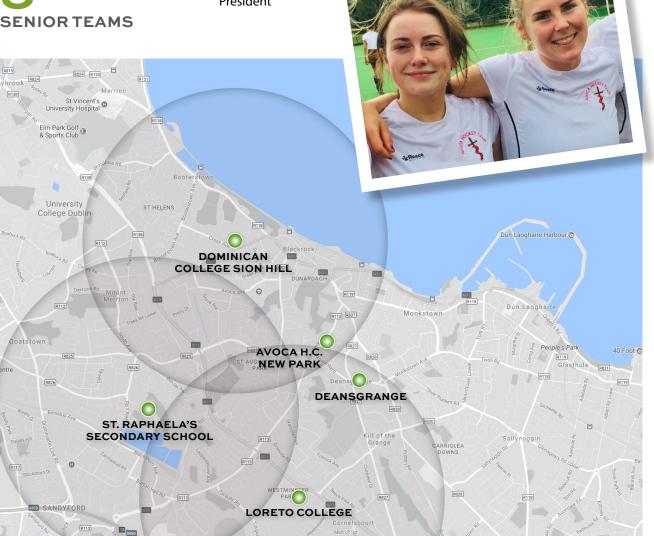

We have massive demand for spaces and I am happy to report that our membership has swelled to over 600, with over 350 families represented across the club. 450 of our members are aged 6-18 and are aspiring to become the next Irish Olympians. As well as our youthful demographic we have a unique geographic presence across affluent south county Dublin and Dublin 18 and members from c.35 schools.

We are a club that is committed to supporting health and fun in the community and driving our senior teams to national success.

We are currently presented with the opportunity to offer our club up for sponsorship and provide a solid community platform to support a business or brand who thinks that their proposition and positioning would benefit from a mutually beneficial partnership with us.

I hope to meet you soon.
